Make Office Life Easier

It's About Time

The Xerox eConcierge Supplies Assistant vastly simplifies every aspect of ordering printer supplies—for Xerox and other leading brands. It's easy to use, super convenient, and includes service for Xerox® printers and select multifunction printers. And best of all, it's free and comes with no obligation.

Hassle Free

To get started, simply download the Supplies Assistant application to your desktop. It automatically discovers the printers on your network and allows you to edit the list through its intuitive interface. You can check printer status any time. When a printer is running low on ink or toner, a pop-up and/or email alert reminds you to review and approve your pre-populated supplies options. Place your order with a credit card and you're done!

Free Lifetime Service

A \$1,280** average value—per printer.

The Xerox eConcierge program also provides free service for eligible Xerox® printers. That's right, Xerox will provide free lifetime service coverage* for each eligible Xerox® printer and multifunction printer.

To qualify, simply use the service for a minimum of 30 days and with your second supplies order for each Xerox® product, its extended service coverage will begin. Xerox will provide free extended service coverage over the normal supported life of that Xerox® product as long as you continuously place your supply orders through the Xerox eConcierge service.

Your service coverage is worth \$1,280** on average, for each of your eligible Xerox® printers and multifunction printers.
